Assembly Instructions

Before assembling or changing graphics ensure the unit is disconnected from the power supply.

Kit includes: Reflecta R unit, spanner and Euro to UK plug converter.

To open twist the circular lid at the top of the unit.

Once loosened remove the lid.

Loosen the central nut using the spanner.

Remove the nut from the central pole.

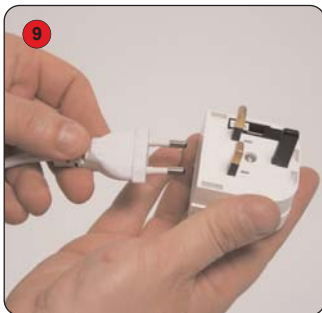

Before removing the lid, extend a rubber band around all 3 sides. (Rubber band not supplied)

Remove the lid once the sides are held together.

Slide each graphic between the clear protective cover and the opaque acrylic sheet. Reverse steps 8 to 2 to re-assemble the lid.

Take the Euro to UK plug converter and attach to the power lead.
